

Kendall Schumacher Candidate for Prescott Valley Town Council

I am running for Prescott Valley Town Council

I have lived in Arizona all my life and in Prescott Valley for Four Years. Patriotism is strong in our family, and I am sure you feel the same way. Ethics mean everything to me; I am a Bookkeeper in my background with Construction and the Trades, currently working in the Human Resources Department along with Payroll and Accounts Payable for Arizona Highways Safety Specialists, located in Chino Valley. I am also a Licensed Realtor with Arizona Prime Real Estate. I have been a Business Owner/General Contractor in the past, member of Chamber of Commerce, and of course a volunteer in the communities in which I've lived. Raising children in a small town meant volunteering with being the team mom, cheerleader team sponsor, and Girl Scout Leader even after they graduated. We have hosted foreign exchange students, learning much from them as well. I truly believe the best way to learn something is to also teach it, I understand the commitment I am making to this position and to you as well. It is an honor to represent you as we all are experiencing the "Boom of Building" in our community. I know as a Town Council Member we will be addressing:

- Crime Prevention
- The Critical Importance of Long Term Water Supplies to our Town and Region
- Children and Victims' Rights and Issues
- Being an Advocate for the Homeless
- Economic Development and Managed Growth of our Town
- Healthcare issues not only in our community but our Country

I have graduated the Prescott Valley Citizen's Academy, and encourage you to participate when you are able – it's fascinating! Please remember to Vote on August 28th. 2018.
