5. Financial Review, Budgets & Grants, Monthly Report

- a. Financial Review/Budgets – Casey Van Haren, Library Director reported that a Request for Council Action (RFCA) was presented to Council, last December 20, 2018 for consent to transfer funds from the Library Facilities operating expense budget to Capital expense. The funds will be used to replace the Library main entrance sliding doors. The sliding doors have been defective for many years causing loss of productivity on the part

of staff in charge of opening and locking the doors. It has also caused inconvenience among patrons having to wait outside the door while staff try to fix and get the lock to open. The condition has become worse and must be promptly rectified to remove hazards that may lead to serious injuries both on the part of staff and patrons.

The Town of Prescott Valley (ToPV) is hosting budget open houses in January 2019 throughout the town to provide transparency and to allow an opportunity for community discussions on future expenditures for operations and capital projects. Casey is representing the Library and is joined by other department heads to be on hand to answer any questions and receive feedback. The remaining budget open houses are scheduled at the Stoneridge community center on January 9 and at Pronghorn Ranch community center on January 16 from 5:30p.m. – 7:00p.m.

Casey noted that the attendance has been disappointingly low in these open houses. Diane suggested that perhaps providing a background information would help especially for those who are new in the community. Diane shared that when they were new in town and attended an open house, the opening remark was that the Town officials were not there to provide information but to answer questions, but as they were new in town, they did not really know what questions to ask. Providing some information upfront could stimulate conversations and get people to participate more.

In the next fiscal year budget process, Casey is submitting a staffing request for 2 part time library assistants for a 28-hour work week and a library aide. Mary Jo inquired what the difference is between a library assistant and a library aide. Casey responded that a library aide is an entry level position while a library assistant has more responsibilities and a level of leadership and organizational skills.

- b. Grants – Larry Martin inquired if there are any updates on the Community Assessment Plan. Casey updated that there is ongoing discussion with the consultant, Sam Mulford with a recommendation to redirect the process so that more meaningful data can be obtained from the community. For example, instead of inviting people to the Library, the Library team will reach out to various organizations in different sectors and ask to be invited to their respective events and meetings. This way the Library team is tapping into a more targeted demographic to gather data. Included in the list of organizations are MOPS (Moms of Preschoolers), the Rotary Clubs, Young Professionals, faith-based organizations, PTA meetings, youth group meetings, etc. While the Library has been successful in providing programs and services to the 55+ age bracket patrons, it is vitally important to find out and understand the needs and issues of other demographics as well. Casey expressed optimism that more relevant and valuable information will be obtained

by the team in the next round of data gathering. The meeting with Sam scheduled this January has been moved to April and formulation of the Library's mission and vision is set for June this year.

Casey also updated that Michele Hjorting, Adult Services Librarian, applied and was granted a Wi-Fi Hotspots Sub-grant. The funds will be used to extend the Wi-Fi Hotspots service which turned out to be successful. Casey will go to Council on Thursday, January 10, 2019 as the use of the Grant funds need to go through the consent process. The newly elected mayor, Kell Palguta and council members Don Packard and Kendall Schumacher will also be sworn in that day. Donna Morgan, incoming Library Board Trustee will be officially appointed by council on January 24, 2019. Kathy Derry, Diane LeMont, Larry Martin and Mary Jo Dhein will attend the January 24 appointment. A quorum has been determined and the appropriate notice to the public will be posted accordingly.

- c. Monthly Report – Casey noted that there was an error in the formula for the Circulation section of the October monthly report. This has been corrected by Joslyn Joseph, Library Manager. Casey also reported that as far as Sunday door count numbers go, the Library has consistently been averaging a hundred people. There was a slight drop during the Holidays but she expects the numbers to pick up. Casey added that if the staffing requests are granted, the Library will consider resuming the 8:00p.m.closing time during the weekdays.

Larry inquired if a report on the Sunday performance is being considered. Casey responded that she is expected to report the result of the Sunday pilot program to Council by April, 2019 which is the end of pilot.

6. Management Report – nothing to report.

- 7. Friends of the Library** – Don LeMont, outgoing Vice President and incoming Director of the Friends of the Library reported that the annual board election took place in November 15, 2018. Don introduced Sharon Peterson as the new President, Diane LeMont, as the Vice President, new Secretary is Erlinda Landau, and the Treasurer remains to be Nancy Felauer.

The Annual Christmas Tea took place December 20, 2018, with entertainment provided by the Women Song Acapella Chorale group. A Christmas basket was donated by Nancy and was raffled off. The Christmas basket brought in \$147.00 to the FOL funds. The winner of the basket was Peggy Dorothy.

Don also reported that the FOL adopted a new strategy of reducing inventory of used books by doing colored dot sales according to a monthly scheduled. In December, the blue dot sale was announced and the remainder of the blue dot sale will continue to run through the month of January. Bobby Kieren, Public Services Manager has been assisting in taking unsold books to Goodwill. Diane commented that the reason they have chosen Goodwill is because there are no specific requirements, the books just need to be boxed and delivered and if Goodwill is unable to sell the books, they send them to 3-4 other Goodwill branches before they dispose of them. Lucila expressed her concern that Goodwill may not be a non-profit organization and does not give back to the community. Diane responded that they have explored other non-profit organizations such as Stepping Stones but they are full. Diane added that they are looking into other organizations and are open to suggestions. There is a non-profit in the mid-west that they are considering but will have to assess the viability of their packaging and shipping requirements and availability of staff who can assist. This organization has other charitable outlets where they can farm out the books to before discarding them.

At this point, Kathy requested that the meeting go out of order to allow Beth Allen and Jim Hansen to be introduced to the Board. Please see notes under section heading 9 "Unfinished Business" letter g.
